

HAM SWAP

Beginning with the July general membership meeting (07/21/16) members will have the opportunity to swap some of their ham gear and electronic odds and ends with others. Bring what you have to exchange and we will have a couple of tables in the back for display.

There are some rules to be followed! **No cash can be exchanged for goods in the Eisenhower Building.** If you bring something to sell rather than a swap item, you may display it, but the actual sale must take place in the parking lot or off premises. **Don't leave unswapped or unsold items in the room at the end of the night.** Any such items will be disposed of by the officers and may not be recoverable.

Violation of either of the above rules may result an end to the swap program.

Any exchange of cash in the rec. center could result in the club's loss of free use of the room.

The officers do not want, and will not accept, the responsibility of dealing with items left behind at the end of the meeting.

Enjoy yourself, but act responsibly.
