

Attention all Science Students!

You are invited to **Radio Rodeo** on April 9th

Sponsored by The Villages Amateur Radio Club

Located at The Villages Brownwood Paddock Square from 9 AM to 2 PM -
Saturday, April 9th

- See how radio amateurs communicate with others around the world using their own radios.
- Learn how amateur radio is used in emergency situations and how it continues to support emergency personnel even during *loss of the Internet*.
- Hear live communication from other radio amateurs from all over the US, Europe and the Rest of the World
- See experts explain and use the actual tools used for amateur radio communication
 - Radio transmitters and receivers
 - Antennas
 - Propagation of radio signals
- See how you can become a radio amateur yourself with *your own radio and antenna* in your own home.
- Experience a personal demonstration of actual communication methods including
 - Voice communication
 - Morse code
 - State-of-the-art digital modes
 - Teletype
